

## Wagner Service:

Field Dimensions,  
Technical Consultation  
and Installation

## SOLUTIONS FOR OUR RAILS

Wagner is pleased to offer field dimensioning, technical consultation services and turnkey solutions for our railing systems. Our support services allow you to leverage our knowledge and expertise to ensure a fast and seamless completion of your latest project.

Eliminate the guesswork out of your job by partnering with Wagner Service, and allow us to help you get the job done. Whether you're looking for assistance for field measurements, installation or both, Wagner is here to support you through any step of your project.

**Our 3 packages provide these separate services:**

- 1. Wagner Field Dimensions - only**
- 2. Wagner Technical Consultation - only**
- 3. Wagner Turnkey - field dimensions, system design and installation**

## CONCEPT TO COMPLETION

Why work with Wagner Service?

Our product and installation experts will work with you through your railing system plan from concept to completion.

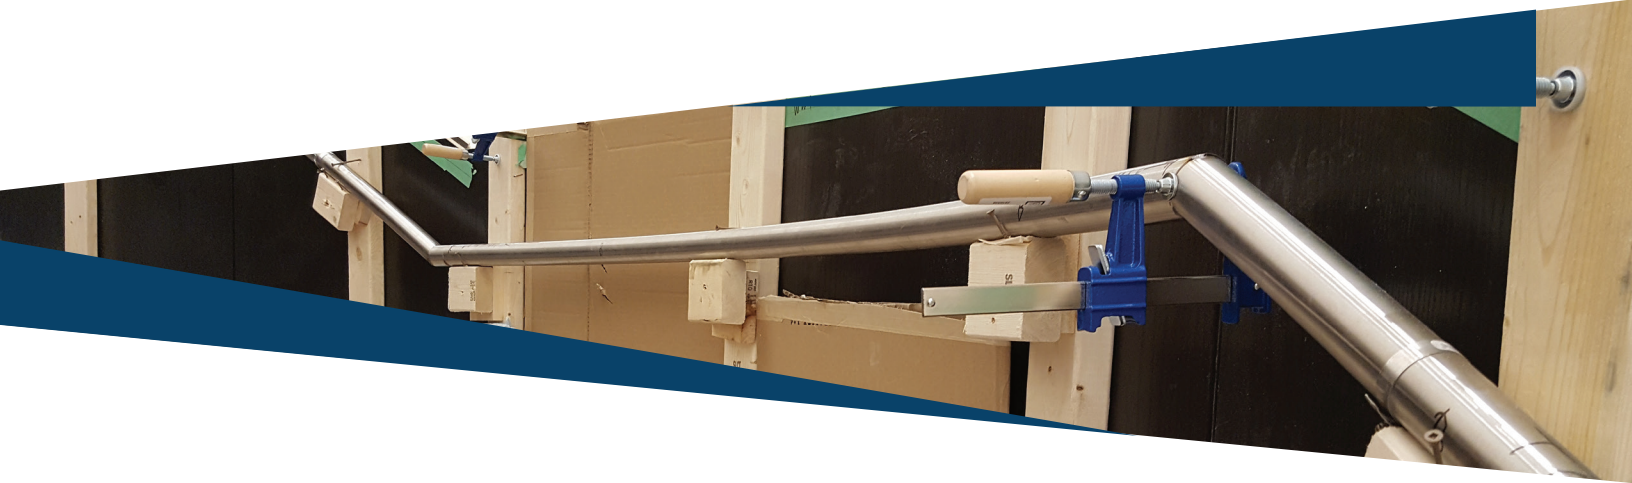

We can provide accurate field dimensions the first time—significantly reducing the time for the drawing approval feedback loop.

Our technical experts can provide you guidance through your installation, or we can coordinate one of our partner installers to provide a complete installation of the railing system for you.

While on-site, our experts will evaluate your project site to help identify any potential issues in the railing system plans, and even discuss system coordination to help minimize delays for time of installation.

# WAGNER SERVICE: FIELD DIMENSIONS, TECHNICAL CONSULTATION AND INSTALLATION

With you from concept to completion

## Three Available Packages

### Package 1: Field Measurements by Wagner

Work with Wagner to obtain the proper field measurements for your railing system. Our product experts will go on-site to provide you our measuring services.

### Package 2: Technical, Consultative Support by Wagner

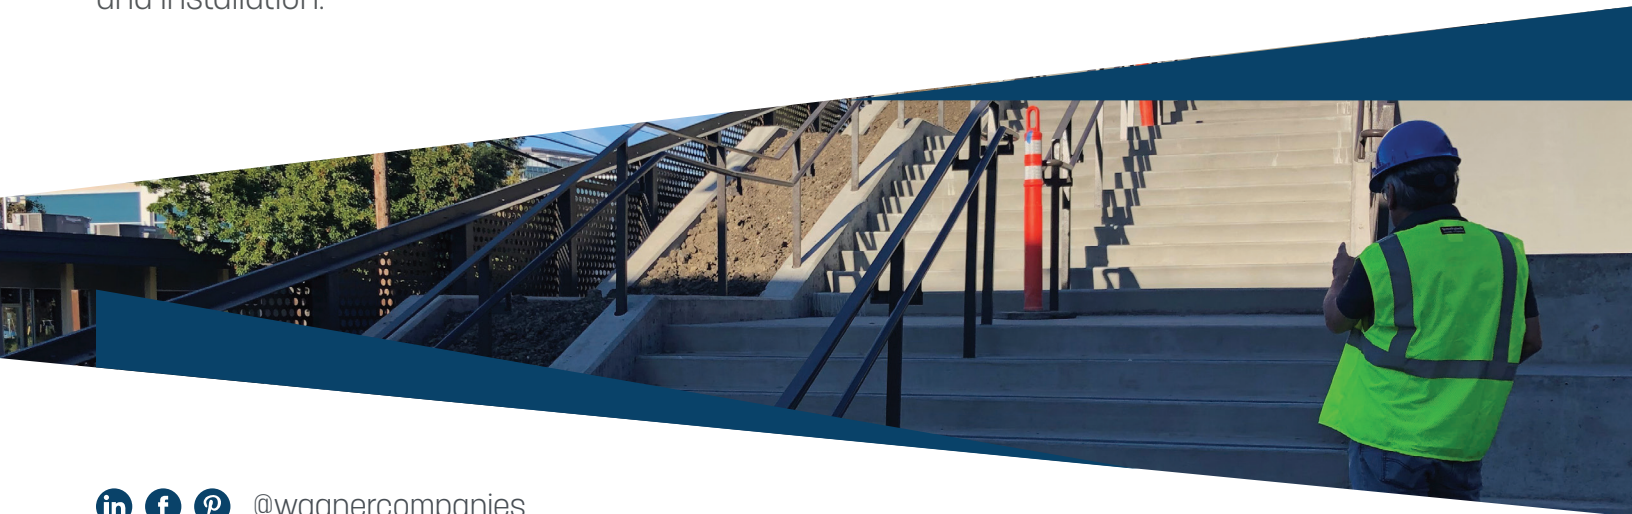

Wagner can offer you technical, consultative support to assist you in your railing installation. For this package, you will provide us with your own field dimensions, and upon receiving your railing system materials our experts will be onsite to guide you through assembly and installation.

### Package 3: Turnkey by Wagner

Turnkey by Wagner is our ultimate service package—we will provide you with the proper field dimensions, as well as the installation of your railing system by one of our partners. A complete installation of your railing system will include all fitting, cutting, welding, polishing and anchoring that may be required for the system.

### Ready to get started?

**We look forward to accepting your request for quotes on all your upcoming projects. Please send RFQs to [RFQ@mailwagner.com](mailto:RFQ@mailwagner.com).**
