Legato™ is an innovative glass railing system that is **easy to install for an affordable price.** It combines simplicity, precision, and style with a wide range of high quality and attractive design options to enhance any project. Its sleek, clean lines and glass infill system provides a **sophisticated and modern appearance** that qualifies for **LEED credits** and enhances the overall look and feel of any space.

## Legato™ Application Guide

Stock Legato™ post systems are installation ready, supported by an application guide featuring full structural calculations performed by third party engineers.

The Legato™ Application Guide includes a complete P.E. structural analysis for all stock Legato™ post systems.

All orders will receive a copy of the Application Guide. To download beforehand, please visit Legato™ at Wagner Architectural and click the link at the bottom.
